*For ease of understanding, burden hours are also provided in actual minutes.

There are no direct costs to respondents other than their time to voluntarily complete the forms and submit them for consideration. The estimated cost in time to respondents, as a group, is \$46,386 [4,303 burden hours X \$10.78 per hour (2016 GS-3 hourly base pay rate)]. This total dollar amount is based upon the number of burden hours per data collection instrument, rounded to the nearest dollar.

Requests for Comments: Your written comments and/or suggestions are invited on one or more of the following points:

- (a) whether the information collection activity is necessary to carry out an agency function;
- (b) whether the agency processes the information collected in a useful and timely fashion;
- (c) the accuracy of the public burden estimate (the estimated amount of time

needed for individual respondents to provide the requested information);

- (d) whether the methodology and assumptions used to determine the estimates are logical;
- (e) ways to enhance the quality, utility, and clarity of the information being collected; and
- (f) ways to minimize the public burden through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comment Due Date: Comments regarding this information collection are best assured of having full effect if received within 60 days of the date of this publication.

Dated: June 24, 2016.
